London Opera Glass Top 10 Theatres

For the last quarter of 2015, we decided to double the number of hampers to 10!

The 10 winning theatres, in alphabetical order, are:

Apollo Victoria Theatre
Cambridge Theatre
Dominion Theatre
Duke of York's Theatre
Her Majesty's Theatre
Lyceum Theatre
Manchester, Opera House
Nottingham, Theatre Royal
Savoy Theatre
Shaftesbury Theatre

Our winning theatres are based on Front of House teams, who on a regular basis, replaced lost or missing opera glasses between our frequent service visits.

A big thank you must also go to all the other venues offering our opera glass service to their theatregoers who love using our service to enhance their theatre experience.

Remember, your theatre commission can increase, by ensuring any missing opera glasses are replaced in good time before the start of each performance.

Transformation at the Apollo Victoria

Opened in 1930 as the New Victoria Cinema, the auditorium was designed to represent a 'fairy cavern under the sea, or a mermaid's dream of heaven'. This theme was reflected in the original seating and carpet design which created a wave effect in greens, blues and silvers.

Now, fast-forward to last year and the start of the major project, replacement seating, carpet and new green opera glasses, will be completed in time for Wicked's 10th Anniversary in September 2016.

The first phase in the Stalls, finished over recent weeks, is creating another ripple in terms of great positive feedback from theatre staff and many patrons regarding the comfort of the new seats.

You Have Been Spotted!

Following a request from the film makers, we supplied blue binoculars which guests can be seen using during an episode of Don't Tell the Bride filmed late last year in Cornwall.

Musical Week was the 2015 Strictly Quarter Final when the dancing couples can be seen eyeing up their opposition!

If you have your own opera glass stories, or if you'd like to know more about our services and how we can help increase your venues profits, please do get in touch.
